## Detailed Design for Elgin Mills Road East Widening Woodbine Avenue to Warden Avenue

Contract: 142-R-24

The City of Markham is commencing the detailed design for the widening of Elgin Mills Road East, from Woodbine Avenue to Warden Avenue, following the completion of the Municipal Class Environmental Assessment (EA) Study on Elgin Mills Road from Woodbine Avenue to McCowan Road in February 2024. The City has retained WSP Canada Inc., to provide consulting services for the detailed design of this project.

**Elgin Mills Road Widening from Woodbine Avenue to Warden Avenue  
Project Area**

The design consultant and its sub-consultants will undertake the following activities within the study area during the design phase:

- 1 - Topographical survey
- 2 - Geotechnical investigation
- 3 - Tree assessment
- 4 - Subsurface Utility Engineering (SUE)
- 5 - Site visits and photo documentation

# Pre-Design Notice

- 6 - Aquatic and terrestrial surveys
- 7 - Cultural heritage assessment
- 8 - Archaeology assessment
- 9 - Groundwater/hydrogeology investigation

City staff will continue to keep Indigenous Communities, stakeholders and residents informed and address their concerns throughout the design process. The construction schedule will be determined once the detailed design is completed and pending various permit and budget approvals. Further notices will be sent out to Indigenous Communities, stakeholders and residents for invitation of public meeting(s) during the design as required, at the end of the design and prior to start of construction to provide updates on construction impacts and timelines.

We understand that this work may cause some inconvenience, and we appreciate your patience as we complete the design process for the widening of Elgin Mills Road between Woodbine Avenue and Warden Avenue.
