

Subway Style Map

- Used mainly at start/end of route or major intersections
- Provides overview of route and highlights major destinations
- Final destination is at the top. People travelling in the opposite direction would see Boardwalk at the top.
- Level 1 and 2 destinations included on the sign

Sign with no branding (existing)

Proposed sign with branding

Directional Blade

- Used at intersections to help navigate route on trails
- Often used if there is not enough space for wingblade

Sign with no branding (existing)

Proposed sign with branding

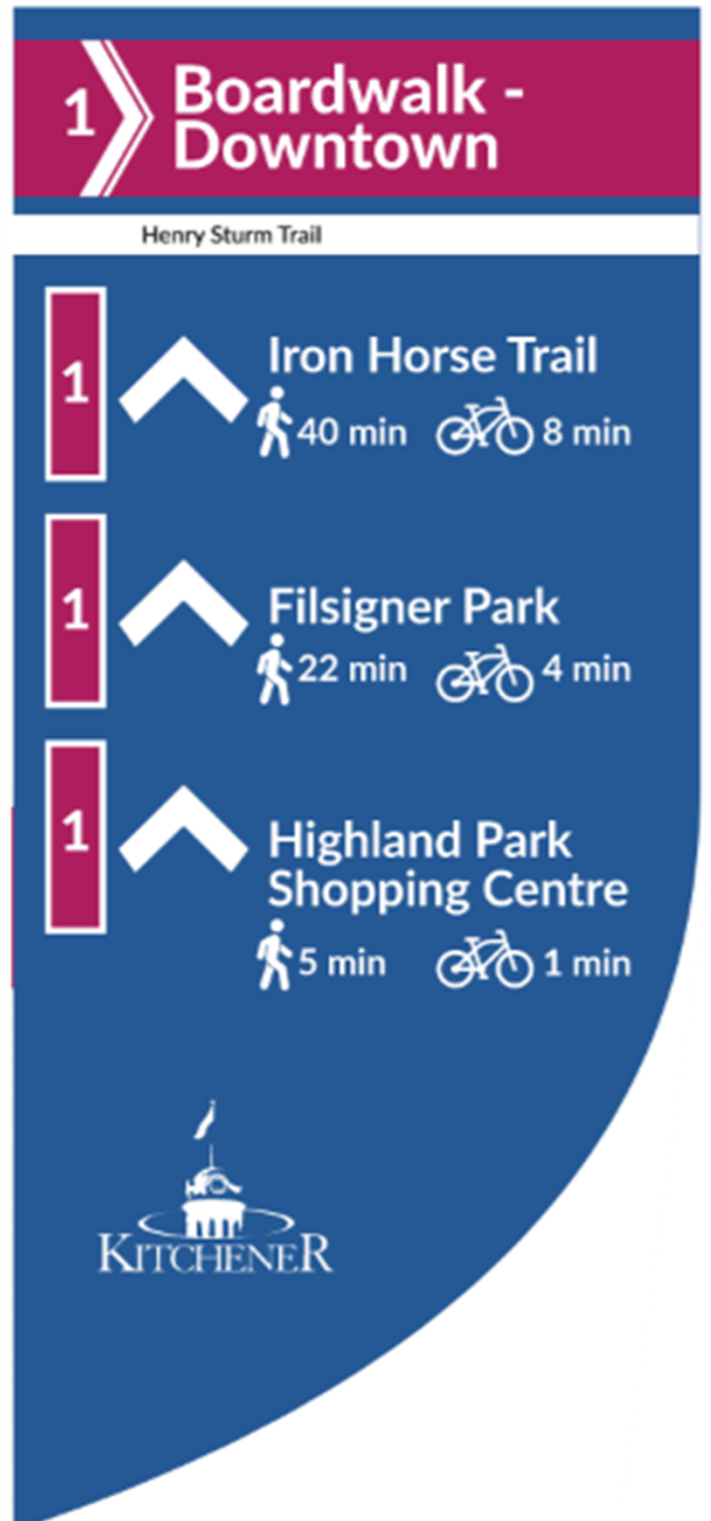

Wingblade

- Used mainly at or in advance of intersections to help navigate route on the trail
- Requires less space than a directional blade sign

Signs with no branding (existing)

Proposed sign with branding

On-Road Sign

- Used for navigation on the roadway

Sign with no branding (existing)

Proposed sign with branding
